

# NATALIA DE SOUZA ARAUJO

BIOSTATISTICS | BIOINFORMATICS

## CONTACT

- 📞 +32 ... ... ...
- ✉️ souza.nataliaa@gmail.com
- 📍 Liège, Belgium
- 🚗 B driving license
- 🌐 www.natevolution.com
- 🌐 www.github.com/nat2bee

## PROGRAMMING

- Python
- R
- SAS
- Unix environment

## SKILLS

- Scientific rigor
- Problem-solving
- Project Management
- Teamwork
- Effective Communication
- Critical Thinking

## LANGUAGES

- English (Fluent)
- French (Fluent)
- Portuguese (Native)
- Dutch (Basic)

## PROFILE

Over seven years of experience post PhD in bioinformatics and functional genomics. I have established and implemented pipelines to analyze high-throughput biological datasets such as genomic, transcriptomic, and epigenomic data generated with short reads and long sequencing. Wet lab experience in molecular biology, project management, and team training.

## WORK EXPERIENCE

- |   |                |
|---|----------------|
| <b>Université libre de Bruxelles</b>  | 2024 - PRESENT |
| Assistante chargée d'exercices en biologie  |                |
| • Biology lab teaching for students of medicine BAC1  |                |
| • Student evaluation assessment and grading   |                |
| <br>  |                |
| <b>Université libre de Bruxelles</b>  | 2019- 2024     |
| Bioinformatics   FNRS Chargé de recherches  |                |
| • Co-analyses of genomic, transcriptomic, and epigenomic data.  |                |
| • Genome sequencing and assembly (Nanopore).  |                |
| • Transcriptomic sequencing (Illumina).   |                |
| • Conformation data (Hi-C).   |                |
| • Pipeline development for omic analyses (GWAS, co-expression, GO enrichment, differential expression). |                |
| <br>  |                |
| <b>Université de Liège</b>  | 2017- 2019     |
| Bioinformatics  |                |
| • Pipeline development for genome cohorts.  |                |
| • PCR and Nanopore sequencing.  |                |
| • Genotyping.   |                |
| • Variant calling.  |                |
| • Python and bash programming.  |                |

## EDUCATION

- |   |                |
|---|----------------|
| <b>Analyse de données appliquée en R&amp;D</b>    | 2025 - PRESENT |
| UCLouvain   FOREM - Belgium                       |                |
| <br>  |                |
| <b>Ph.D. in Genetics and Evolutionary Biology</b> | 2012 - 2017    |
| Universidade de São Paulo - Brazil                |                |
| <br>  |                |
| <b>M.Sc. in Genetics and Evolutionary Biology</b> | 2010 - 2012    |
| Universidade de São Paulo - Brazil                |                |
